

# Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

Trade name

**California Scents Palms Newport New Car**

Alternative number(s)

091400040734, 091400040680, 091400040246,  
091400041151, 091400039356, 091400039387

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses

Consumer uses: Air Freshener

#### 1.3 Details of the supplier of the safety data sheet

Energizer Trading Ltd.  
Sword House  
Totteridge Road  
High Wycombe HP13 6DG  
United Kingdom

Telephone: +44(0)88000353376  
e-mail: ConsumerServiceEU@energizer.com

#### 1.4 Emergency telephone number

Emergency information service

This number is only available during the following  
office hours: Mon-Fri 09:00 AM - 05:00 PM

| Poison centre    |                  |                                                                                                                                                 |
|------------------|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Name             | Postal code/city | Telephone                                                                                                                                       |
| UK poison centre |                  | Product information has been submitted to the UK National Poisons Information Service (NPIS) and is accessible to medical health professionals. |

### SECTION 2: Hazards identification

#### 2.1 Classification of the substance or mixture

Classification acc. to GHS

| Section | Hazard class                      | Category | Hazard class and category | Hazard statement |
|---------|-----------------------------------|----------|---------------------------|------------------|
| 3.2     | skin corrosion/irritation         | 2        | Skin Irrit. 2             | H315             |
| 3.3     | serious eye damage/eye irritation | 2        | Eye Irrit. 2              | H319             |
| 3.4S    | skin sensitisation                | 1        | Skin Sens. 1              | H317             |

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

| Section | Hazard class                                          | Category | Hazard class and category | Hazard statement |
|---------|-------------------------------------------------------|----------|---------------------------|------------------|
| 4.1C    | hazardous to the aquatic environment - chronic hazard | 2        | Aquatic Chronic 2         | H411             |

For full text of abbreviations: see SECTION 16.

The most important adverse physicochemical, human health and environmental effects

Spillage and fire water can cause pollution of watercourses.

## 2.2 Label elements

Labelling

- Signal word warning

- Pictograms

GHS07, GHS09

- Hazard statements

H315 Causes skin irritation.  
H317 May cause an allergic skin reaction.  
H319 Causes serious eye irritation.  
H411 Toxic to aquatic life with long lasting effects.

- Precautionary statements

P101 If medical advice is needed, have product container or label at hand.  
P102 Keep out of reach of children.  
P264 Wash hands thoroughly after handling.  
P302+P352 IF ON SKIN: Wash with plenty of water.  
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P333+P313 If skin irritation or rash occurs: Get medical advice/attention.  
P337+P313 If eye irritation persists: Get medical advice/attention.  
P501 Dispose of contents/container in accordance with national regulations.

- Hazardous ingredients for labelling

Linalyl acetate, 3,7-dimethylnona-1,6-dien-3-ol, Hexyl cinnamaldehyde, Linalool, Citronellol, Isocyclocitral, Dimethylcyclohex-3-ene-1-carbaldehyde, 3,7-dimethylocta-1,6-diene, Cyclamal, Tetramethyl Acetyloctahydronaphthalenes

Labelling of packages where the contents do not exceed 125 ml

- Signal word warning

- Hazard pictogram(s)

Warning. GHS07, GHS09

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### - Hazard statements

H317 May cause an allergic skin reaction.

### - Precautionary statements

P101 If medical advice is needed, have product container or label at hand.

P102 Keep out of reach of children.

P302+P352 IF ON SKIN: Wash with plenty of water.

P333+P313 If skin irritation or rash occurs: Get medical advice/attention.

P501 Dispose of contents/container in accordance with national regulations.

- Contains Linalyl acetate, 3,7-dimethylnona-1,6-dien-3-ol, Hexyl cinnamaldehyde, Linalool, Citronellol, Isocyclocitral, Dimethylcyclohex-3-ene-1-carbaldehyde, 3,7-dimethylocta-1,6-diene, Cyclamal, Tetramethyl Acetyloctahydronaphthalenes

## 2.3 Other hazards

Results of PBT and vPvB assessment

Does not contain a PBT-/vPvB-substance in a concentration of  $\geq 0,1\%$ .

Endocrine disrupting properties

Does not contain an endocrine disruptor (EDC) in a concentration of  $\geq 0,1\%$ .

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not relevant (mixture)

### 3.2 Mixtures

Description of the mixture

| Name of substance     | Identifier                                                                    | Wt%      | Classification acc. to GHS                                          | Pictograms                                                                            |

### SECTION 4: First aid measures

#### 4.1 Description of first aid measures

##### General notes

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

##### Following inhalation

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. In case of respiratory tract irritation, consult a physician. Provide fresh air.

##### Following skin contact

Wash with plenty of soap and water.

##### Following eye contact

Remove contact lenses, if present and easy to do. Continue rinsing. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart.

##### Following ingestion

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

#### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects are not known to date.

#### 4.3 Indication of any immediate medical attention and special treatment needed

none

## Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

### California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

#### SECTION 5: Firefighting measures

##### 5.1 Extinguishing media

Suitable extinguishing media

Water, Foam, ABC-powder

Unsuitable extinguishing media

Water jet

##### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products

Carbon monoxide (CO), Carbon dioxide (CO<sub>2</sub>)

##### 5.3 Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Co-ordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

#### SECTION 6: Accidental release measures

##### 6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Remove persons to safety.

For emergency responders

Wear breathing apparatus if exposed to vapours/dust/spray/gases.

##### 6.2 Environmental precautions

Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it. If substance has entered a water course or sewer, inform the responsible authority.

##### 6.3 Methods and material for containment and cleaning up

Advice on how to contain a spill

Covering of drains, Take up mechanically

Advice on how to clean up a spill

Take up mechanically.

Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

##### 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

# Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling

##### Recommendations

- Measures to prevent fire as well as aerosol and dust generation  
Use local and general ventilation. Use only in well-ventilated areas. Ground/bond container and receiving equipment.
- Specific notes/details  
Dust deposits may accumulate on all deposition surfaces in a technical room. The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion.

##### Advice on general occupational hygiene

Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.

#### 7.2 Conditions for safe storage, including any incompatibilities

##### Managing of associated risks

- Explosive atmospheres  
Removal of dust deposits.
- Packaging compatibilities  
Only packagings which are approved (e.g. acc. to ADR) may be used.

#### 7.3 Specific end use(s)

See section 16 for a general overview.

### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

##### Occupational exposure limit values (Workplace Exposure Limits)

| Country | Name of agent | CAS No    | Identifier | TWA [ppm] | TWA [mg/m <sup>3</sup> ] | STEL [ppm] | STEL [mg/m <sup>3</sup> ] | Ceiling-C [ppm] | Ceiling-C [mg/m <sup>3</sup> ] | Notation | Source    |

| GB      | cellulose     | 9004-34-6 | WEL        |           | 10                       |            | 20                        |                 |                                | i        | EH40/2005 |
| GB      | cellulose     | 9004-34-6 | WEL        |           | 4                        |            |                           |                 |                                | r        | EH40/2005 |

##### Notation

Ceiling-C

i

r

STEL

ceiling value is a limit value above which exposure should not occur

inhalable fraction

respirable fraction

short-term exposure limit: a limit value above which exposure should not occur and which is related to a 15-minute period (unless otherwise specified)

# Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

## California Scents Palms Newport New Car

### 8.2 Exposure controls

Appropriate engineering controls

General ventilation.

Individual protection measures (personal protective equipment)

Eye/face protection

Wear eye/face protection.

# Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### Skin protection

#### - Hand protection

Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. Check leak-tightness/impermeability prior to use. In the case of wanting to use the gloves again, clean them before taking off and air them well. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

#### - Type of material

PVA: polyvinyl alcohol, Nitrile

#### - Material thickness

>0.5 mm

#### - Breakthrough times of the glove material

>120 minutes (permeation: level 4)

#### - Other protection measures

Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended. Wash hands thoroughly after handling.

### Respiratory protection

In case of inadequate ventilation wear respiratory protection.

### Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

## SECTION 9: Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

|                                                          |                      |

|----------------------------------------------------|-------------------------------------------------------------|
| Information with regard to physical hazard classes | hazard classes acc. to GHS (physical hazards): not relevant |
| Other safety characteristics                       | there is no additional information                          |

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

### 10.2 Chemical stability

See below "Conditions to avoid".

### 10.3 Possibility of hazardous reactions

No known hazardous reactions.

# Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### 10.4 Conditions to avoid

There are no specific conditions known which have to be avoided.

#### Hints to prevent fire or explosion

The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion.

### 10.5 Incompatible materials

Oxidisers

### 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

Test data are not available for the complete mixture.

#### Classification procedure

The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

#### Classification acc. to GHS

##### Acute toxicity

Shall not be classified as acutely toxic.

##### Skin corrosion/irritation

Causes skin irritation.

##### Serious eye damage/eye irritation

Causes serious eye irritation.

##### Respiratory or skin sensitisation

May cause an allergic skin reaction.

##### Germ cell mutagenicity

Shall not be classified as germ cell mutagenic.

##### Carcinogenicity

Shall not be classified as carcinogenic.

##### Reproductive toxicity

Shall not be classified as a reproductive toxicant.

##### Specific target organ toxicity - single exposure

Shall not be classified as a specific target organ toxicant (single exposure).

##### Specific target organ toxicity - repeated exposure

Shall not be classified as a specific target organ toxicant (repeated exposure).

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

### 11.2 Information on other hazards

There is no additional information.

## SECTION 12: Ecological information

### 12.1 Toxicity

Toxic to aquatic life with long lasting effects.

Aquatic toxicity (acute) of components of the mixture

| Name of substance              | CAS No     | Endpoint | Value     | Species                                 | Exposure time |
|--------------------------------|------------|----------|-----------|-----------------------------------------|---------------|
| Linalyl acetate                | 115-95-7   | ErC50    | 62 mg/l   | green algae (Selenastrum capricornutum) | 72 h          |
| Linalyl acetate                | 115-95-7   | LC50     | 11 mg/l   | fish                                    | 96 h          |

### 12.4 Mobility in soil

Data are not available.

### 12.5 Results of PBT and vPvB assessment

According to the results of its assessment, this substance is not a PBT or a vPvB. Does not contain a PBT-/vPvB-substance in a concentration of  $\geq 0,1\%$ .

### 12.6 Endocrine disrupting properties

Does not contain an endocrine disruptor (EDC) in a concentration of  $\geq 0,1\%$ .

### 12.7 Other adverse effects

Data are not available.

## SECTION 13: Disposal considerations

### 13.1 Waste treatment methods

#### Sewage disposal-relevant information

Do not empty into drains. Avoid release to the environment. Refer to special instructions/safety data sheets.

#### Waste treatment of containers/packages

It is a dangerous waste; only packagings which are approved (e.g. acc. to ADR) may be used. Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself.

# Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

### Remarks

Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

## SECTION 14: Transport information

### 14.1 UN number or ID number

|           |         |
|-----------|---------|
| ADR/RID   | UN 3077 |
| IMDG-Code | UN 3077 |
| ICAO-TI   | UN 3077 |

### 14.2 UN proper shipping name

|                                        |                                                       |
|----------------------------------------|-------------------------------------------------------|
| ADR/RID                                | ENVIRONMENTALLY HAZARDOUS SUBSTANCE,<br>SOLID, N.O.S. |
| IMDG-Code                              | ENVIRONMENTALLY HAZARDOUS SUBSTANCE,<br>SOLID, N.O.S. |
| ICAO-TI                                | Environmentally hazardous substance, solid, n.o.s.    |
| Technical name (hazardous ingredients) | Hexamethylindanopyran, Hexyl cinnamaldehyde           |

### 14.3 Transport hazard class(es)

|           |   |
|-----------|---|
| ADR/RID   | 9 |
| IMDG-Code | 9 |
| ICAO-TI   | 9 |

### 14.4 Packing group

|           |     |
|-----------|-----|
| ADR/RID   | III |
| IMDG-Code | III |
| ICAO-TI   | III |

### 14.5 Environmental hazards

|                                                           |                                             |
|-----------------------------------------------------------|---------------------------------------------|
|                                                           | hazardous to the aquatic environment        |
| Environmentally hazardous substance (aquatic environment) | Hexamethylindanopyran, Hexyl cinnamaldehyde |

### 14.6 Special precautions for user

Provisions for dangerous goods (ADR) should be complied within the premises.

### 14.7 Maritime transport in bulk according to IMO instruments

The cargo is not intended to be carried in bulk.

### SECTION 15: Regulatory information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

##### Relevant provisions of the European Union (EU)

##### Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS)

none of the ingredients are listed

# Safety Data Sheet

acc. to Regulation (EC) No. 1907/2006 (REACH)

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### Regulation concerning the establishment of a European Pollutant Release and Transfer Register (PRTR)

none of the ingredients are listed

### Water Framework Directive (WFD)

List of pollutants (WFD)

| Name of substance     | CAS No | Listed in | Remarks |
|-----------------------|--------|-----------|---------|
| Hexamethylindanopyran |        | a)        |         |
| Linalool              |        | a)        |         |
| Cyclamal              |        | a)        |         |

#### Legend

A) Indicative list of the main pollutants

### Regulation on the marketing and use of explosives precursors

none of the ingredients are listed

### Regulation on drug precursors

none of the ingredients are listed

### Regulation on persistent organic pollutants (POP)

none of the ingredients are listed

### National regulations (GB)

### List of substances subject to authorisation (GB REACH, Annex 14) / SVHC - candidate list

none of the ingredients are listed

### Restrictions according to GB REACH, Annex 17

Dangerous substances with restrictions (GB REACH, Annex 17)

| Name of substance     | Name acc. to inventory                                                                           | CAS No | No |
|-----------------------|--------------------------------------------------------------------------------------------------|--------|----|
| Hexyl cinnamaldehyde  | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Dihydromyrcenol       | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Linalyl acetate       | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Hexamethylindanopyran | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

### Dangerous substances with restrictions (GB REACH, Annex 17)

| Name of substance                       | Name acc. to inventory                                                                           | CAS No | No |
|-----------------------------------------|--------------------------------------------------------------------------------------------------|--------|----|
| Dimethylcyclohex-3-ene-1-carbaldehyde   | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Linalool                                | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| 3,7-dimethylocta-1,6-diene              | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| 3,7-dimethylocta-1,6-diene              | flammable / pyrophoric                                                                           |        | 40 |
| Cyclamal                                | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Tetramethyl Acetyloctahydronaphthalenes | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Florosol                                | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Citronellol                             | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| 3,7-dimethylnona-1,6-dien-3-ol          | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |
| Isocyclocitral                          | this product meets the criteria for classification in accordance with Regulation No 1272/2008/EC |        | 3  |

### National inventories

| Country | Inventory  | Status                         |
|---------|------------|--------------------------------|
| AU      | AIIC       | all ingredients are listed     |
| CA      | DSL        | not all ingredients are listed |
| CA      | NDSL       | not all ingredients are listed |
| CN      | IECSC      | all ingredients are listed     |
| EU      | ECSI       | all ingredients are listed     |
| EU      | REACH Reg. | not all ingredients are listed |

| Section | Former entry (text/value)                                                          | Actual entry (text/value)                                                                                                                                                                             | Safety-relevant |
|---------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| 12.5    | Results of PBT and vPvB assessment:<br>Data are not available.                     | Results of PBT and vPvB assessment:<br>According to the results of its assessment, this substance is not a PBT or a vPvB. Does not contain a PBT-/vPvB-substance in a concentration of $\geq 0,1\%$ . | yes             |
| 12.6    | Endocrine disrupting properties:<br>Information on this property is not available. | Endocrine disrupting properties:<br>Does not contain an endocrine disruptor (EDC) in a concentration of $\geq 0,1\%$ .                                                                                | yes             |
| 15.1    |                                                                                    | Dangerous substances with restrictions (GB REACH, Annex 17):<br>change in the listing (table)                                                                                                         | yes             |
| 15.1    |                                                                                    | National inventories:<br>change in the listing (table)                                                                                                                                                | yes             |

### Abbreviations and acronyms

| Abbr.           | Descriptions of used abbreviations                                                                                                                                                    |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ADR             | Accord relatif au transport international des marchandises dangereuses par route (Agreement concerning the International Carriage of Dangerous Goods by Road)                         |
| Aquatic Acute   | Hazardous to the aquatic environment - acute hazard                                                                                                                                   |
| Aquatic Chronic | Hazardous to the aquatic environment - chronic hazard                                                                                                                                 |
| Asp. Tox.       | Aspiration hazard                                                                                                                                                                     |
| BCF             | Bioconcentration factor                                                                                                                                                               |
| BOD             | Biochemical Oxygen Demand                                                                                                                                                             |
| CAS             | Chemical Abstracts Service (service that maintains the most comprehensive list of chemical substances)                                                                                |
| Ceiling-C       | Ceiling value                                                                                                                                                                         |
| COD             | Chemical oxygen demand                                                                                                                                                                |
| DGR             | Dangerous Goods Regulations (see IATA/DGR)                                                                                                                                            |
| DNEL            | Derived No-Effect Level                                                                                                                                                               |
| DOT             | Department of Transportation (USA)                                                                                                                                                    |
| EC50            | Effective Concentration 50 %. The EC50 corresponds to the concentration of a tested substance causing 50 % changes in response (e.g. on growth) during a specified time interval      |
| EC No           | The EC Inventory (EINECS, ELINCS and the NLP-list) is the source for the seven-digit EC number, an identifier of substances commercially available within the EU (European Union)     |
| EH40/2005       | EH40/2005 Workplace exposure limits ( <a href="http://www.nationalarchives.gov.uk/doc/open-government-licence/">http://www.nationalarchives.gov.uk/doc/open-government-licence/</a> ) |

| Abbr.      | Descriptions of used abbreviations                                                                                                                                      |
|------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EINECS     | European Inventory of Existing Commercial Chemical Substances                                                                                                           |
| ELINCS     | European List of Notified Chemical Substances                                                                                                                           |
| EmS        | Emergency Schedule                                                                                                                                                      |
| ErC50      | ≡ EC50: in this method, that concentration of test substance which results in a 50 % reduction in either growth (EbC50) or growth rate (ErC50) relative to the control  |
| Eye Dam.   | Seriously damaging to the eye                                                                                                                                           |
| Eye Irrit. | Irritant to the eye                                                                                                                                                     |
| Flam. Liq. | Flammable liquid                                                                                                                                                        |
| GB REACH   | The REACH etc. (Amendment etc.) (EU Exit) Regulations 2019, SI 2019/758 (as amended)                                                                                    |
| GHS        | "Globally Harmonized System of Classification and Labelling of Chemicals" developed by the United Nations                                                               |
| IATA       | International Air Transport Association                                                                                                                                 |
| IATA/DGR   | Dangerous Goods Regulations (DGR) for the air transport (IATA)                                                                                                          |
| ICAO       | International Civil Aviation Organization                                                                                                                               |
| ICAO-TI    | Technical instructions for the safe transport of dangerous goods by air                                                                                                 |
| IMDG       | International Maritime Dangerous Goods Code                                                                                                                             |
| IMDG-Code  | International Maritime Dangerous Goods Code                                                                                                                             |
| index No   | The Index number is the identification code given to the substance in Part 3 of Annex VI to Regulation (EC) No 1272/2008                                                |
| LC50       | Lethal Concentration 50%: the LC50 corresponds to the concentration of a tested substance causing 50 % lethality during a specified time interval                       |
| LOEC       | Lowest Observed Effect Concentration                                                                                                                                    |
| log KOW    | n-Octanol/water                                                                                                                                                         |
| NLP        | No-Longer Polymer                                                                                                                                                       |
| NOEC       | No Observed Effect Concentration                                                                                                                                        |
| PBT        | Persistent, Bioaccumulative and Toxic                                                                                                                                   |
| PNEC       | Predicted No-Effect Concentration                                                                                                                                       |
| ppm        | Parts per million                                                                                                                                                       |
| REACH      | Registration, Evaluation, Authorisation and Restriction of Chemicals                                                                                                    |
| RID        | Règlement concernant le transport International ferroviaire des marchandises Dangereuses (Regulations concerning the International carriage of Dangerous goods by Rail) |
| Skin Corr. | Corrosive to skin                                                                                                                                                       |

## California Scents Palms Newport New Car

Version number: GHS 8.1  
Replaces version of: 2022-07-15 (GHS 7)

Revision: 2023-07-12

| Abbr.       | Descriptions of used abbreviations               |
|-------------|--------------------------------------------------|
| Skin Irrit. | Irritant to skin                                 |
| Skin Sens.  | Skin sensitisation                               |
| STEL        | Short-term exposure limit                        |
| STOT SE     | Specific target organ toxicity - single exposure |
| TWA         | Time-weighted average                            |
| vPvB        | Very Persistent and very Bioaccumulative         |
| WEL         | Workplace exposure limit                         |

### Key literature references and sources for data

Agreement concerning the International Carriage of Dangerous Goods by Road (ADR). Regulations concerning the International Carriage of Dangerous Goods by Rail (RID). International Maritime Dangerous Goods Code (IMDG). Dangerous Goods Regulations (DGR) for the air transport (IATA).

### Classification procedure

Physical and chemical properties: The classification is based on tested mixture.  
Health hazards, Environmental hazards: The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

### List of relevant phrases (code and full text as stated in section 2 and 3)

| Code | Text                                                  |
|------|-------------------------------------------------------|
| H226 | Flammable liquid and vapour.                          |
| H304 | May be fatal if swallowed and enters airways.         |
| H315 | Causes skin irritation.                               |
| H317 | May cause an allergic skin reaction.                  |
| H319 | Causes serious eye irritation.                        |
| H336 | May cause drowsiness or dizziness.                    |
| H400 | Very toxic to aquatic life.                           |
| H410 | Very toxic to aquatic life with long lasting effects. |
| H411 | Toxic to aquatic life with long lasting effects.      |
| H412 | Harmful to aquatic life with long lasting effects.    |
